Silent Auction at the “Gala Méritas”

On April 14, forty of our students made their way to the 2011 Construction Expo at the BMO Centre in Stampede Park. Our students enjoyed this school outing and they even discovered many new talents! They had the opportunity to experience many jobs related to the field of construction such as: welder, contractor, plumber, electrician, bricklayer, window installer, etc.... It was an unforgettable experience.

Hafssa, one of our grade 11 students, during this day, was able to help build dog houses. She built not only one, but four of them!!! She loved every minute of it! We could see the pride in her eyes as she discovered this new field, as well as her talent in construction. As a result, with the collaboration of the Calgary Construction Association and with Hafssa’s permission, we will be selling one of the dog houses in a silent auction tomorrow evening during our annual “Gala Méritas”. The funds raised will go towards a scholarship for a grade 12 student pursuing his/her postsecondary studies within the trades sector. We are counting on your support to encourage our graduates to pursue their postsecondary studies and their professional goals. The auction will start at a minimum bid of \$75. We are looking forward to your participation.

Mme Gauthier

Vice- principal and Career Councillor
